OBJECTIVE

To improve knowledge involving AI, Deep Learning for future work and research.
To exchange experiences, building relationship.

EDUCATION & ACHIEVEMENT

❖ **Le Quy Don Technical University**   Sep 2014 - 2019

Major: Information Security/Information Technology.
- Current GPA: 3.36/4.
- Many years of being advanced student.
- Third prize (teammate) in the "Informatics Olympic" at the Academy level, 2014.
- Third prize (teammate) Qualifying Contest of the "Student with Information Security" at the National level, 2016.

STUDY EXPERIENCE

❖ **Assignment**   Sep 2014 - Otc 2018

Team Working/ Team Leading
- We work in group of 3-4 students to solve exercises like: Web Programming (Java), Software Programming (Java, .Net).
- Through the exercises, I have trained myself with many skills such as: Teamworking and independent working skills, presentation skills, logical thinking, searching information on the internet and learning quickly new knowledge.

❖ **Graduation Project**   Nov 2018 - Now

Malware classification using deep learning techniques/Independent Work
- Using Microsoft's dataset in the Microsoft Malware Classification Challenge (BIG 2015) on kaggle.com. Extracting features from files .asm and .bytes then put into model for training.

RESEARCH EXPERIENCE

❖ **Le Quy Don University Lab**   2018 - Now

Student
- Taking charge in collecting data (BIG 2015), deploying some deep learning techniques to solve problems.
Result:
- Completing model, able to recognize 9 kinds of malware.

SKILLS

English	Able to understand English.
Programming Language	Understanding: - C, C ++. - Java, Python. And learn quickly in new programming languages.

ACTIVITIES

❖ **Participate in school and local activities**   Sep 2014 - 2019

I participated actively in the activities of the School.
Joining a student club about information security established by the Faculty of Information Security.
A member in a team joining the contest "Student with Information Security" held by VNISA (Viet Nam Information Security Association)

INTERESTS

Reading - I usually spend 1-2 hours reading professional documents every day.
Football - A member of the school football team.
